

Dzień Dinozaura

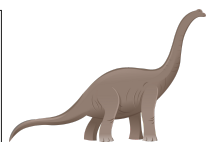

odkryj świat dinozaurów z NANUKII

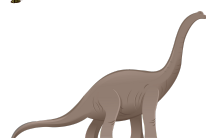

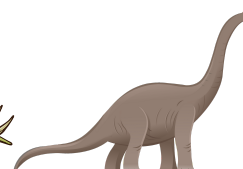

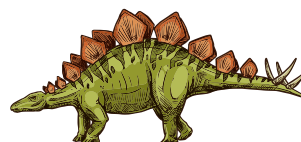

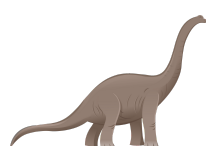

Pokoloruj płytki na grzbiecie dinozaura według kodu.
A resztę dinozaura pomaluj na swój ulubiony kolor.

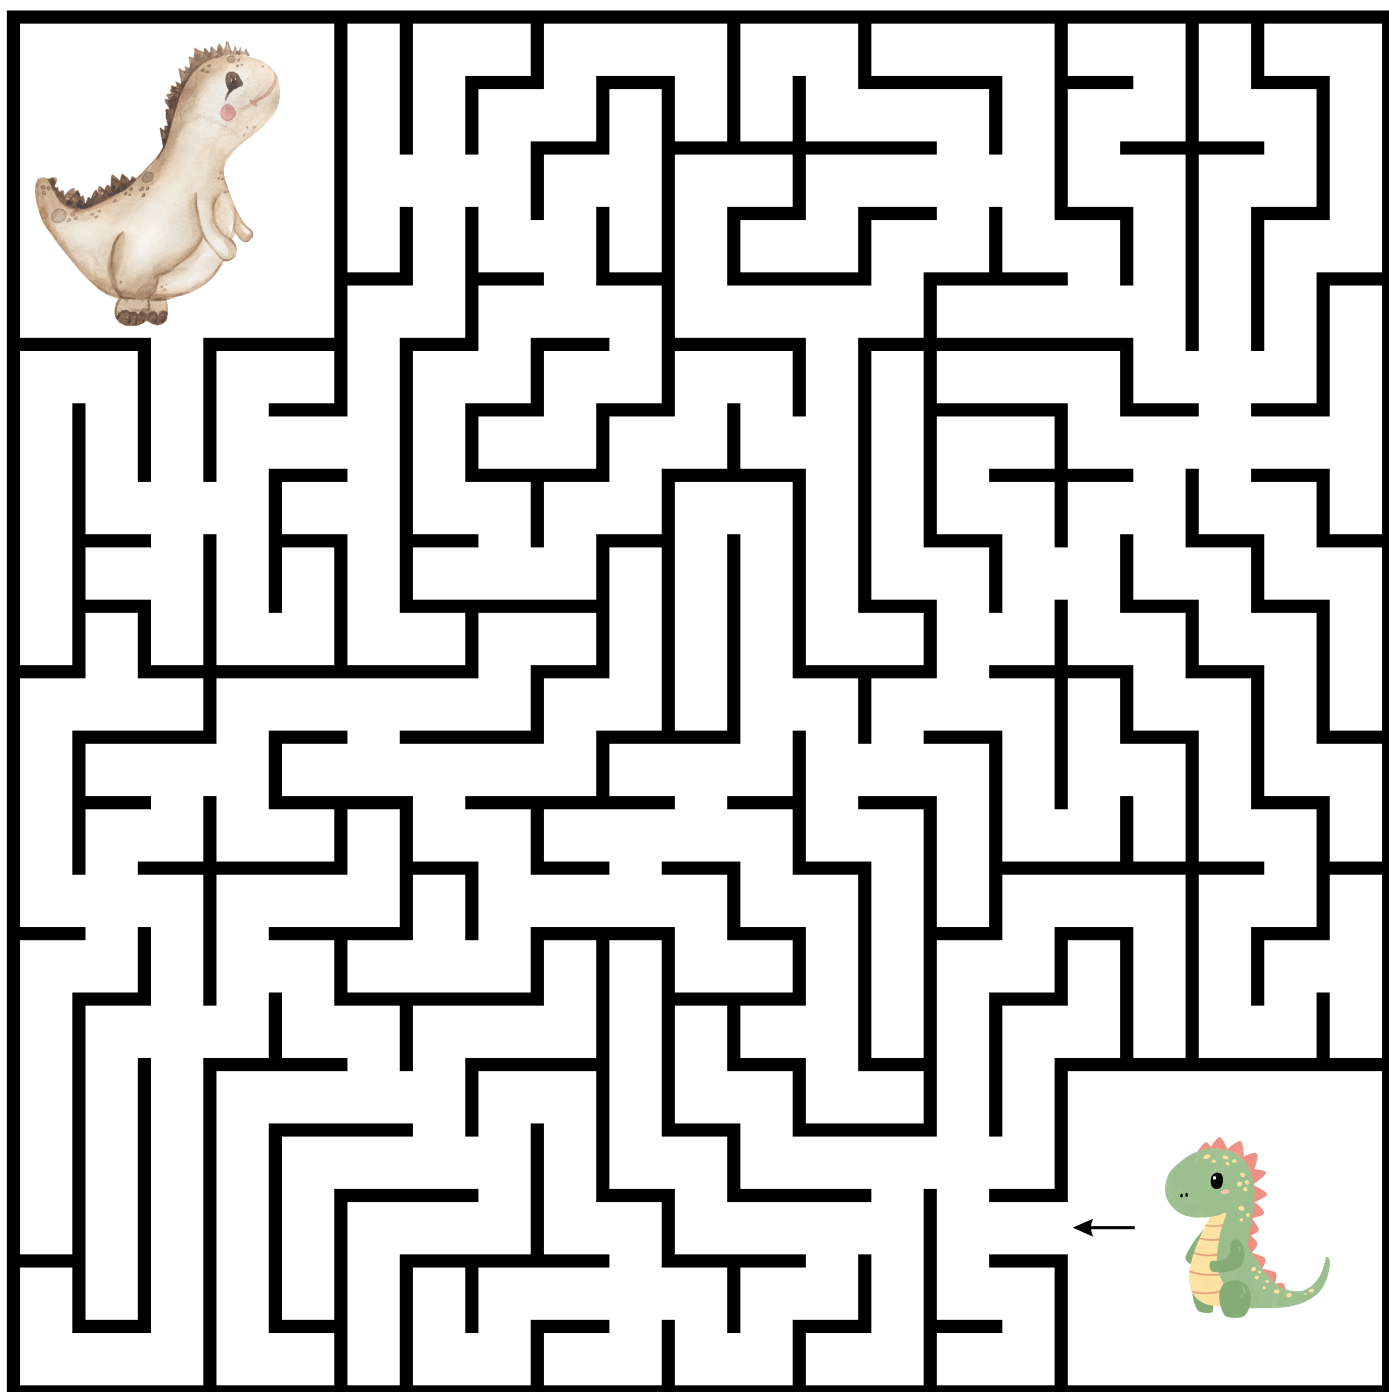

Policz ile na rysunku jest diplodoków, triceratopsów i stegozaurów. Następnie zapisz wynik w odpowiednim kwadracie.

Pomóż małemu dinozaurowi znaleźć mamę.

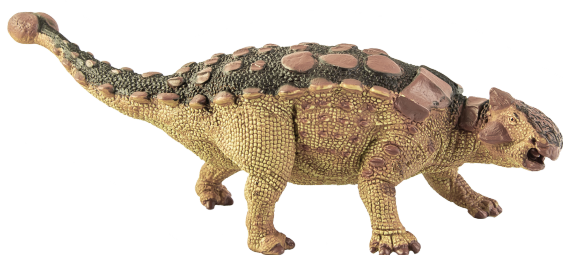

Uzupełnij brakujące litery w nazwach dinozaurów.

T		R				Z	A

Rysuj po śladzie.

Potomkami dinozaurów są kury.

Nasze kury próbują nauczyć się dodawania i odejmowania.

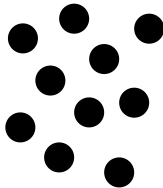

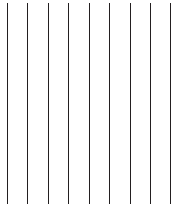

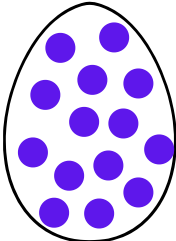

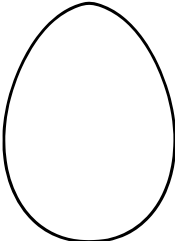

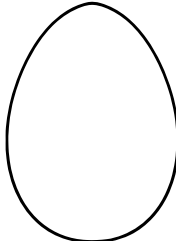

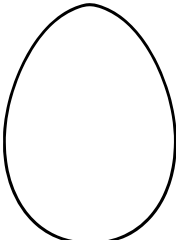

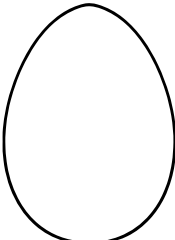

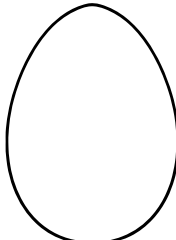

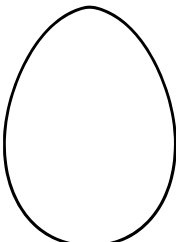

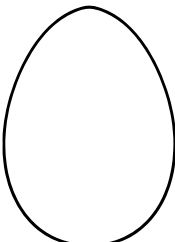

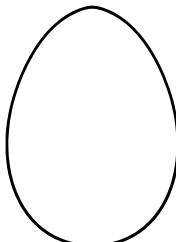

Pomóż im obliczyć działania.

Dinozaury wykluyały się z jaj.

Zobacz jakie wzory i jakiego koloru mają jajka w poniższej tabeli.

Pokoloruj zgodnie z przykładem.

Pokoloruj odpowiednią ilość śladów, które zostawiły dinozaury.
